STOKE FERRY

JUNE, 1951

TO THE CHAIRMAN AND MEMBERS OF THE RURAL DISTRICT

COUNCIL OF MARSHLAND

Mr. Chairman and Gentlemen,

I have the honour to submit to you my Annual Report for the year ending 31st December, 1950. Your Senior Sanitary Inspector and Surveyor's Report for the same period is also included.

The general health of your District is very satisfactory. There is little change in the Birth and Death rates for the year in question, as compared with 1949. For statistical purposes all members of H.M. Forces are now included in the resident population.

Among notifiable infectious diseases, measles has shown a marked increase (245) as compared with the number (178) in 1949. There has been a remarkably high incidence rate for this disease throughout the entire country.

I desire to express my grateful thanks to the Members of the Council, the Clerk and Officers of the various departments for their help and guidance in my work during the past year.

I have the honour to be, gentlemen,

Your obedient servant,

C. T. DARWENT,

Medical Officer of Health.

SUMMARY OF VITAL STATISTICS—1950

Area (in acres)	56,562
Population 1931 Census	15,350
Population 1950	16,760
Number of separate dwellings occupied 1950	5,090
Rateable value, 1950	£41,801
Product of a penny rate, 1950	£180

Live Births

Diarrhoea (under 2 years of age)	1

Section A

NATURAL AND SOCIAL CONDITIONS

AREA (acres) 56,562

POPULATION. The estimated mid-year population 16,760

DEATHS. The Total number of Deaths assigned to the District by the Registrar General, after adjustment for inward and outward transfers is 163, as compared with 177 for 1949.

The death rate is 9.7 as compared with 10.6 for 1949.

BIRTH RATE. The number of live births assigned to the District is 269 as compared with 273 for 1949. The birth rate is equivalent to 16.05 per 1,000 of the resident population.

STILL BIRTHS. The number registered is 4 as compared with 8 for 1949. The still birth rate is 0.23 per 1,000 of the population.

MATERNAL MORTALITY. There were again **no** Maternal Mortality deaths, which is most gratifying.

INFANT MORTALITY. Eight infants under one year of age died during 1950. They were all legitimate births.

Infant Mortality rate per 1,000 live births :

Marshland Rural District 29.7

England and Wales 29.8

Section B

1. GENERAL MEDICAL SERVICES.

Norfolk Executive Council, 54, Prince of Wales Road, Norwich.
Clerk, R. J. Cobb, Esq.

2. EAST ANGLIAN REGIONAL HOSPITAL BOARD.

Senior Administrative Medical Officer :

Dr. J. B. Ewen, M.D., D.P.H.,
Croft-Holme, 117, Chesterton Road, Cambridge.

(a) GENERAL.

- (i) Norfolk and Norwich Hospital, Norwich.
- (ii) West Norfolk and King's Lynn Hospital, King's Lynn.
- (iii) Jenny Lind Hospital, Norwich.
- (iv) St. James Hospital, King's Lynn. (For chronic sick).

(b) MATERNITY.

- (i) County Maternity Home, Lynn Road, Wisbech.
- (ii) West Norfolk and King's Lynn Hospital (Maternity Unit).
- (iii) Addenbrookes Hospital, Cambridge.

(c) INFECTIOUS.

- (i) County Isolation Hospital, East Dereham.
- (ii) Isolation Hospital, King's Lynn.
- (iii) Wisbech Isolation Hospital.

(d) SANATORIA.

- (i) Kelling Sanatorium, Holt.
- (ii) Bramblewood Sanatorium, Holt.

(e) MENTAL.

- (i) St. Andrew's Hospital, Norwich.
- (ii) Hellesdon Hospital, Norwich.
- (iii) Heckingham Hospital, Norwich.
- (iv) Little Plumstead, Norwich.

3. MATERNITY SERVICES.

(a) District Nurses (showing Parishes and Villages served).

Nurse Kirk,	Ter. St. Clement
Gonville Terrace, Terrington St. Clement	
Nurse Ashworth,	
Kirk Farm, Walpole St. Andrew	Walpole St. Andrew
Nurse Cook,	Walpole St. Peter
Old School House, Ter'ton St. John	
Nurse Johnson	Tilney All Saints
Council Houses, Nr. Church Farm	
Tilney All Saints	
Nurses Swetman & Thompson,	Upwell
14, Lode Avenue, Upwell	
Nurses Gilbert & Waite,	West Walton
86, Chapnall Road, Walsoken	

(b) MATERNITY. Beds in Regional Hospital Board Establishments.

- (1) Stow Hall Maternity Home, Stow Bardolph.

4. AMBULANCE AND HOSPITAL CAR SERVICE.

This is a County Council function and is controlled by the Joint Ambulance Committee. It is worked on an Agency basis by the British Red Cross and the Order of St. John and W.V.S.

The Marshland Area is jointly served by the Downham Market and King's Lynn Ambulances.

Infectious Disease Cases are conveyed by East Dereham, Wisbech and King's Lynn Infectious Disease Ambulances.

5. RED CROSS MEDICAL LOAN DEPOTS.

- (a) Terrington St. John. Mrs. Dr. Greer.
- (b) Walpole St. Peter. Mrs. Woods.
- (c) Terrington St. Clement Mrs. Mallett, Lovell's Cottage.

6. COUNTY MEDICAL SERVICES.

(a) INFANT WELFARE CENTRES.

- (i) Terrington St. Clement. 3rd Tuesday—2 to 4 p.m.
- (ii) Outwell. 3rd Monday—2 to 4 p.m.

The Assistant County Medical Officer of Health attends at the above sessions.

In addition, Village Infant Welfare Centres are held monthly at the following villages:—Emneth, Marshland St. James, Tilney St. Lawrence, Walpole St. Peter and West Walton. These centres are conducted by the local Nurse/Midwives and Health Visitors, and are visited periodically by the Assistant County Medical Officer.

(b) SCHOOL MINOR AILMENT CLINICS.

- (i) Terrington St. Clement Secondary School (every Tuesday during term).
- (ii) Upwell Modern Secondary School, 1st, 3rd and 5th Thursdays (during term).

The School Nurse attends at the above sessions and the Assistant Medical Officer at one session per month.

(c) SCHOOL DENTAL CLINIC.

Upwell Modern Secondary School. (closed—no Dental Officer available).

(d) HOME HELP SERVICE.

The County Home Help Scheme is doing excellent work and Home Helps are at present available for the following Parishes and Villages—Terrington St. John; Terrington St. Clement; Upwell; Outwell; Walpole St. Andrew and St. Peter; Tilney St. Lawrence; Clenchwarton; Islington; Emneth and Marshland St. James.

7. VENEREAL DISEASE CLINIC.

West Norfolk and King's Lynn Hospital.

MALES	FEMALES & CHILDREN
Tuesdays and Fridays, 7 p.m.	Tuesdays and Wednesdays, 3 p.m.

8. DISINFECTION AND DISINFESTATION.

- (i) Disinfection of premises is carried out by the Senior Sanitary Inspector's staff.
- (ii) Disinfestation of bedding, clothing, etc., which cannot be carried out by this department, are sent to the East Dereham Isolation Hospital.

9. LABORATORY SERVICES.

- (a) Public Health Laboratory,
Isolation Hospital,
Bowthorpe Road, Norwich.
Under the direction of Dr. L. M. Dowsett.
- (b) Public Analyst,
W. Lincolne Sutton, Esq., F.R.I.C.,
Redwell Street,
Norwich.

Section C.

PREVALENCE OF AND CONTROL OVER INFECTIOUS AND OTHER DISEASES.

SMALLPOX.

No cases were notified.

SCARLET FEVER.

Fifty cases were notified as compared with 30 in 1949. Thirty seven of the new cases were removed to the Isolation Hospital.

DIPHTHERIA.

No cases were notified. Although this most satisfactory state exists, it would be false and dangerous for parents and guardians of the young to lose sight of the great importance of inoculation against diphtheria—the rapid decline and low incidence rate of which disease has only too clearly been produced by the protective measure of immunisation.

DIPHTHERIA IMMUNISATION.

This is carried out chiefly by the family doctor, but a small percentage of children are immunised at the Infant Welfare Centres.

Under	1 yr.	1 yr.	2 yrs.	3 yrs.	4 yrs.	5-9 yrs.	10-14 yrs.	Mid 1950 Child Population.	
	10	88	143	247	191	992	1082	1508	2447
	0-4 yrs. 5-14 yrs.								
Total Immunised 2753=69·5%									

PUERPERAL PYREXIA.

One case only was notified.

PRIMARY PNEUMONIA.

Ten cases were notified. Although the number of deaths from this disease as assigned by the Registrar General is given as nine, I am convinced that these deaths were not all due to a Primary Pneumonia, but to pneumonia following or accompanying another disease.

MEASLES.

Sporadic outbreaks of measles occurred throughout the District. The peak age period was 5 years—which accounted for 120 of the 245 cases notified. The highest incidence occurred in the months of March, April and May.

WHOOPING COUGH.

There were 38 cases notified as against 35 in 1949.

TUBERCULOSIS.

The following table indicates the incidence of new cases of Tuberculosis assigned to the Area during 1950.

Tuberculosis all forms			Rate per 1,000 population M.R.D.	County rate per 1,000 population
Male	Female	Total		
4	9	13	0.77	0.89

CLOSURE OF SCHOOLS.

Clenchwarton C.P. School was closed from the 31st March to the 14th April on account of Scarlet Fever and Influenza being prevalent amongst the children. Emneth Nursery was also closed from the 5th June to the 16th June owing to Scarlet Fever cases and contacts.

Mr. Chairman and Gentlemen,

REPORT OF SENIOR SANITARY INSPECTOR AND SURVEYOR.
SANITARY CIRCUMSTANCES OF THE DISTRICT.

I have the honour to submit my Report for the year ending 31st December, 1950.

Section D.

WATER SUPPLY.

Until 30th September, 1950, the district was served with piped water supply to the villages by two Schemes. The Northern area included the villages of Clenchwarton, Terrington St. Clement, Tilney All Saints, Walpole St. Andrew and part Walpole St. Peter was served by the Council's mains from a supply afforded by the King's Lynn Borough Council. The villages of Upwell, Outwell, Emneth, Walsoken, West Walton, Marshland St. James, Tilney St. Lawrence and part of Walpole St. Peter were served by mains controlled by the Wisbech Water Works Co. Where no piped supply is available in the more isolated parts of Parishes, the only supply was rainwater collected from roofs. The number of shallow wells in the district was negligible.

Pursuant to the provisions of the Wisbech and District Water Board Order, 1950, as from the 1st October, 1950, the matters relating to Water supply in the Rural District came under the jurisdiction of the Wisbech and District Water Board and the Company's and the Council's undertakings were both transferred to the Board.

During the year extensions to water mains in the parishes of Clenchwarton, Terrington St. Clement, Walpole St. Andrew, Walpole St. Peter and part of the district known as Central Wingland were virtually completed, also approximately 10,000 yards of extensions to water mains were laid within that part of the District situate within the Wisbech Water Works Company's former area of supply.

SEWAGE DISPOSAL—DRAINAGE AND SEWERAGE.

No public sewers exist. Where an adequate water supply is available many conversions of vaults and pail closets to water closets have occurred with disposal by cesspools and septic tanks. Privy vaults are generally in use by the cottage properties and agricultural dwellings.

The cesspool emptying service continued in operation and during the year 502 Cesspools, 449 Privy Vaults and 11 Sewage Plants were emptied.

RIVER POLLUTION PREVENTION ACTS.

The whole district is covered and controlled by the two Catchment Boards of the Nene and Ouse.

ERADICATION OF BED BUGS.

No cases have been reported or found during the year.

MOVEABLE DWELLINGS.

2 applications were received and 2 licences issued by the Council under Section 269 of the Public Health Act, 1936.

RATS AND MICE (DESTRUCTION) ACT, 1919.

The Council do not employ the services of a Rat Catcher. Cases of infestation, when found and reported, are referred to the County of Norfolk Agricultural Executive Committee who arrange for the necessary disinfection.

PUBLIC CLEANSING.

Dry refuse is collected by the Council fortnightly and all houses except those in isolated places, where disposal can be carried out privately, are served.

Roads and streets are controlled by the Norfolk County Council and road cleansing is therefore carried out by the County Council staff.

SEASONAL WORKERS.

There are three Agricultural Holiday Camps in the District controlled by the County Agricultural Executive Committee and periodical inspections have been made of these camps during the open season.

There are also privately owned fruit pickers' bunks in the district and these have been periodically inspected and controlled by Byelaws made by the Council. Moveable dwellings are also controlled on privately owned land under the Public Health Act, 1936, and are moved within the prescribed period.

HOUSING.

During 1950 new Council Houses were completed and occupied in the following parishes :—

STANDARD BRICK HOUSES.

Upwell	4
Marshland St. James		...	2	
Tilney All Saints	4	
Emneth	8	
Outwell	2	
West Walton	6	
Tilney St. Lawrence		...	12	
Terrington St. Clement	...	11		
			—	
			49	
			—	

Development of estates for permanent houses was continued in the following parishes :—

Emneth, Outwell, Tilney St. Lawrence, Tilney All Saints, West Walton, Terrington St. Clement, Upwell (Lakesend), Marshland St. James and Walpole St. Peter.

PRIVATE ENTERPRISE.

Seven Licences were granted under the Civil Building Regulations for the erection of dwellings by Private Enterprise and four consents were received from the Ministry of Works for dwellings to be erected in conjunction with agricultural buildings under the Housing (Financial and Miscellaneous Provisions) Act, 1946. Eighteen dwellings were completed and occupied.

REQUISITIONED PROPERTIES.

The Council still held 9 properties at the close of the year which were requisitioned during the National Emergency. No other dwellings were requisitioned during the year.

REPAIRS AND IMPROVEMENTS.

Owing to restrictions in building operations few major improvements were carried out. In 32 cases privy vaults and pail closets were converted to W.C.'s with cesspool or septic tanks.

During the year the "free limit" for building work without licence remained at £100 and a large number of essential repairs were carried out. 21 licences were issued for major repairs and improvements.

INSPECTION AND SUPERVISION OF FOOD.

MILK SAMPLING.

All sampling is carried out by the County Health Department.

FOOD PREMISES.

Ten bakehouses registered in the district were inspected at 6 monthly intervals.

MEAT AND FOOD INSPECTION.

All meat is slaughtered at Central Abattoirs at King's Lynn and Wisbech.

Nine investigations were made into cases of alleged unsound food and in all cases it was surrendered voluntarily and condemned as follows:

Bacon	58 $\frac{1}{4}$ lbs.
Tinned Fish...	...	}	6 tins. 1 jar.
„ Luncheon Meat			1 tin.
„ Fruit	...	}	1 tin. 2 jars.
„ Baked Beans			1 tin.
„ Evaporated Milk			9 tins.
Dried Milk...	...		21 lbs.
Cheese	55 $\frac{1}{2}$ lbs.
Margarine	7 $\frac{1}{2}$ lbs.

SANITARY INSPECTION OF THE AREA.

HOUSING STATISTICS FOR THE YEAR 1950.

1. INSPECTION OF DWELLINGHOUSES DURING THE YEAR.

1. (a) Total number of dwellings inspected for housing defects (under the Public Health and Housing Act, 1936) 112
- (b) Number of inspections made for the purpose 129
2. (a) Number of dwellings found to be in a state so dangerous or injurious to health as to be unfit for human habitation ... 2
- (b) Number of dwellings found not to be in all respects reasonably fit for human habitation 39

2. REMEDY OF DEFECTS DURING THE YEAR
WITHOUT SERVICE OF FORMAL NOTICE

Number of defective dwellinghouses
rendered fit in consequence of informal
action by local authority or their officers

37

3. ACTION UNDER STATUTORY POWERS
DURING THE YEAR.

(a) Proceedings under appropriate sections of the Housing Act, 1936 :—					
(1) Number of dwellings in respect of which notices were served requiring repairs ...					Nil
(2) Number of dwellings which were rendered fit after service of formal notice : (a) by owners					Nil
(b) by Local Authority in default of owners					Nil
(b) Proceedings under Public Health Acts :—					
(1) Number of dwellings in respect of which notices were served requiring defects to be remedied					1
(2) Number of dwellings in which defects were remedied after service of formal notices :— (a) by owners					1
(b) by Local Authority in default of owners					Nil
(c) Proceedings under Section 11 and 25 of the Housing Act, 1936 :—					
(1) Number of dwellinghouses in respect of which Demolition Orders were made ...					2
(2) Number of dwellinghouses demolished in pursuance of Demolition Orders ...					2

I have the honour to be

Your obedient Servant,

J. T. DEWHURST,

Senior Sanitary Inspector and Surveyor.
